for the

Kelleys Island Local School District

*Welcome to the Kelleys Island Local School District. The staff and I are pleased to have you as a student and will do our best to help make your experience here as enjoyable and successful as you wish to make it. To help provide a safe and productive learning environment for students, staff, parents, and visitors, the Board of Education publishes this updated Student/Parent Handbook annually to explain students' rights, responsibilities, and consequences for misbehavior.*

*Parents are encouraged to take a few minutes to review and discuss the information in this Handbook with their school-age children. Teachers will also review this Handbook with students at the beginning of the school year.*

*Thank you for taking the time to become familiar with the important information in this Handbook.*

Adopted by the Board of Education on May 9, 2024

## **FOREWORD**

This Student Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. Please take time to become familiar with the important information contained in this Handbook and keep the Handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this Handbook, you are encouraged to talk to your teachers or the building principal. This Handbook replaces all prior handbooks and other written material on the same subjects. This Handbook does not equate to an irrevocable contractual commitment to the student but only reflects the current status of the Board's policies and the School's rules as of August 2022. If any of the policies or administrative guidelines referenced herein are revised, the language in the most current policy or administrative guideline prevails. Copies of current Board policies and administrative guidelines are available from the building principal and the District's website.

## **MISSION OF THE SCHOOL**

### **MISSION STATEMENT**

LOCATED ON KELLEYS ISLAND, LAKE ERIE OHIO  
SERVICING Pre-12 STUDENTS, COMMUNITY  
MEMBERS AND FIELD STATION PARTICIPANTS.  
WE INSPIRE EVERY STUDENT TO SET AND SEEK  
THEIR GOALS BY PROVIDING A PERSONALIZED  
EDUCATION AND OPPORTUNITY TO ENGAGE  
IN THE NATURAL WORLD OF THE ISLAND.

## **EQUAL EDUCATION OPPORTUNITY**

This District provides an equal educational opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the School District's Compliance Officer(s):

Benjamin Ohlemacher  
Superintendent  
(419) 746-2730 option #1

Complaints will be investigated in accordance with the procedures described in this handbook. Any student making a complaint or participating in a school investigation will be protected from retaliation. The Compliance Officer(s) can provide additional information concerning equal access to educational opportunities.

## **SCHOOL DAY**

The school day begins at 8:50 AM and ends at 3:20 PM.

## **STUDENT RESPONSIBILITIES**

The School's rules and procedures are designed to allow students to be educated in a safe and orderly environment. All students are expected to follow staff members' directions and to obey all school rules.

Students must arrive at school on time, prepared to learn and participate.

In order to keep parents informed of their child's progress in school, parents will be provided information on a regular basis and whenever concerns arise. Many times it will be the responsibility of the student to deliver the information. The School, however, may use the mail or hand delivery when appropriate. Parents have the option of receiving communication from the School via e-mail and/or facsimile by filling out the appropriate form available in the school's administrative office. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

## **STUDENT WELL BEING**

Student safety is the responsibility of both students and staff. Staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in the event of a terrorist or other violent attack, and accident reporting procedures. If a student is aware of any dangerous situation or accident, s/he must notify a staff person immediately.

State law requires that all students have an emergency medical authorization completed and signed by a parent or guardian on file in the School office.

Students with specific health care needs should deliver written notice about such needs, along with physician documentation, to the School office.

## **INJURY AND ILLNESS**

All injuries must be reported to a teacher or the office. If the injuries are minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

## **SECTION I - GENERAL INFORMATION**

### **ENROLLING IN THE SCHOOL**

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides. Unless enrolling under the District's open enrollment policy.

New students under 18 must be enrolled by their parents or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate)
- C. proof of residency
- D. proof of immunizations

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about the documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred.

Homeless students who meet the Federal definition of homeless may enroll and will be under the District Liaison Homeless Children with regard to enrollment procedures.

New students 18 years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

In addition, if a new student resides in the District with a grandparent and is the subject of a: (1) power of attorney designating the grandparent as the attorney-in-fact; or (2) a caretaker authorization affidavit executed by the grandparent that provides the grandparent with authority over the care, physical custody, and control of the child, including the ability to enroll the child in school, consent in all school related matters, and discuss with the District the child's educational progress, the student's grandparent may enroll the child in school on a tuition-free basis. However, in addition to the above-referenced documents that are typically required for enrollment, the grandparent must provide the District with a duly executed and notarized copy of a power of attorney or caretaker authorization affidavit.

A student suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

If a student has been recently discharged or released from the custody of the Department of Youth Services (DYS) and is seeking admittance or re-admittance into the District, the student will not be admitted until the following records, which are required to be released by DYS to the Superintendent, have been received:

- A. an updated copy of the student's transcript;
- B. a report of the student's behavior while in DYS custody;
- C. the student's current IEP, if one has been developed for the child; and D.  
a summary of the instructional record of the child's behavior.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

## **SCHEDULING AND ASSIGNMENT**

### Elementary Level

The Principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the Principal.

### Secondary Level

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the Principal. Students may be denied course enrollment due to lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules. Any variation must be approved with a pass or schedule change.

### **EARLY DISMISSAL**

No student may leave school prior to dismissal time without a parent or guardian either submitting a signed written request or coming to the School Office personally to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note signed by the custodial parent(s) or guardian.

### **WITHDRAWAL/TRANSFER FROM SCHOOL**

No student under the age of eighteen (18) is allowed to withdraw from school without the written consent of his/her parents and in compliance with State law. A student who otherwise withdraws from school shall be reported to the juvenile judge of the county and to the Bureau of Motor Vehicles for suspension of their driver's license, if s/he is under the age of 18.

Parents must notify the Principal about plans to transfer their child to another school. School records, including disciplinary records of suspension and expulsion, will be transferred to the new school within 14 days of the parents' notice or request.

### **IMMUNIZATIONS**

Students must be current with all immunizations required by law, including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, tetanus, and mumps, or have an authorized exemption from State immunization requirements. Kindergarten students must be immunized against Hepatitis B and chickenpox. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions about immunizations or exemptions should be directed to the Superintendent.

### **EMERGENCY MEDICAL AUTHORIZATION**

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities. The Emergency Medical Authorization form is provided at the time of enrollment and at the beginning of each school year.

## **USE OF MEDICATIONS**

Students who must take prescribed medication during the school day, must comply with the following guidelines:

- A. Parents should, determine with the counsel of their child's prescriber whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The appropriate form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours or to use an inhaler to self-administer asthma medication. Such forms must be filed annually and as necessary for any change in the medication.
- C. All medications must be registered with the Principal's Office and must be delivered to school in the original containers in which they were dispensed by the prescribing physician or licensed pharmacist, labeled with the date, the student's name, and the exact dosage to be administered.
- D. Medication that is brought to the office will be properly secured. Except as noted below, medication must be delivered to the Principal's Office by the student's parent or guardian or by another responsible adult at the parent or guardian's request. Except as noted below, students may not bring medication to school. Students may carry emergency medications for allergies and/or reactions, or asthma inhalers during school hours provided the student has written permission from a parent or physician and has submitted the proper forms. In the case of epinephrine autoinjectors ("epi pens"), in addition to written permission and submission of proper forms, the parent or student must provide a backup dose to the school nurse. Students are strictly prohibited from transferring emergency medication, epi pens, or inhalers to any other student for their use or possession.  
  
Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance.  
  
If, for supportable reasons, the Principal wishes to discontinue the privilege of a student self-administering a medication, except for the possession and use of asthma inhalers, the parent(s) shall be notified of the decision in sufficient time for an alternative means of administration to be established.
- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time.

G. The teacher will maintain a log noting the personnel designated to administer medication, as well as the date and the time of day that administration is required. This log will be maintained along with the prescriber's written request and the parent's written release.

### **Nonprescribed (Over-the-Counter) Medications**

No staff member will dispense nonprescribed, over-the-counter (OTC) medication to any student without prior parent authorization. Parents may authorize the administration of a nonprescribed medication on forms that are available from the Principal's Office. Physician authorization is not required in such cases.

If a student is found using or possessing a nonprescribed medication without parent authorization, the student will be brought to the School office while the student's parents are contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes medication of any kind or who is found in possession of unauthorized medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the Code.

Students shall be permitted to possess and self-administer over-the-counter topical sunscreen products while on school property or at a school-sponsored event.

A student may possess and use a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms, at school or at any activity, event, or program sponsored by or in which the student's school is a participant if the appropriate form is completed and on file in the Principal's Office.

A student who is authorized to possess and use a metered dose or dry powder inhaler may not transfer possession of any inhaler or other medication to any other student.

### **CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES**

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The School's professional staff may remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific communicable diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID, and other conditions indicated by the Local and State Health Departments.

Any removal will be limited to the contagious period as specified in the School's administrative guidelines.

## **CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES**

The School District has an obligation to protect staff and students from noncasualcontact communicable diseases. When a noncasual-contact communicable disease is suspected, the student's health will be reviewed by a panel of resource people, including the County Health Department. The School will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Noncasual-contact communicable diseases include sexually transmitted diseases, AIDS, ARC-AIDS Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child bleeds at school and students or staff members are exposed to the blood. Any testing is subject to laws protecting confidentiality.

## **CONTROL OF BLOOD-BORNE PATHOGENS**

The School District seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to bloodborne pathogens in the school environment and/or during their participation in school-related activities. While the risks of students being exposed to blood-borne pathogens may be low, students must assume that all body fluids are potentially infectious and must take precaution to follow universal procedures in order to reduce such risks and minimize and/or prevent the potential for accidental infection.

Students may be exposed to bloodborne pathogens in situations, including but not limited to the following:

Engaging in activities with other students in the school environment (e.g., physical education class) where physical injuries or other actions that can cause bleeding or exposure to saliva and other body fluids may occur.

Working with equipment in the school environment that can cause cuts or similar injuries that produce bleeding.

Participating in extracurricular activities (i.e., athletic activities) where physical injuries or other actions that can cause bleeding may occur.

The parents of a student who is exposed will be contacted immediately regarding the exposure and encouraged to have the student's blood tested for Hepatitis B and HIV either by his/her physician. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

The parents of the student who caused the exposure will also be contacted immediately and advised to have the student's blood tested for Hepatitis B and HIV virus either in cooperation with his/her physician.

## **STUDENTS WITH DISABILITIES**

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act (Section 504) prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students, but to all individuals who have access to the District's programs and facilities.

The laws define a person with a disability as anyone who:

- A. Has a mental or physical impairment that substantially limits one or more major life activities;
- B. Has a record of such an impairment; or
- C. Is regarded as having such an impairment.

The District has specific responsibilities under these two laws, which include identifying, reviewing and, if the child is determined to be eligible, affording access to appropriate educational accommodation.

Additionally, in accordance with State and Federal mandates, the District seeks out, assesses and appropriately services students with disabilities. Staff members use a comprehensive child study process to systematically screen, assess and, if appropriate, place students in special education and related services. Students are entitled to a free appropriate public education in the "least restrictive environment."

A student can access special education and related services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEA), A.D.A. Section 504) and State law.

## **HOMELESS STUDENTS**

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the District. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in gifted and talented programs, and receive meals under school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency.

## **CHILDREN AND YOUTH IN FOSTER CARE**

Students who meet the Federal definition of "in foster care", including those who are awaiting foster care placement, will be provided a free appropriate public education (FAPE) in the same manner as all other students of the District.

## **PROTECTION AND PRIVACY OF STUDENT RECORDS**

The School District maintains many student records including both directory information and confidential information.

Directory information can be provided upon request to any individual, other than a forprofit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all “directory information” upon written notification to the Board.

Other than directory information, access to all other student records is protected by FERPA and Ohio law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student request that prior written consent be obtained.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all of their own educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the Superintendent. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student’s privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District’s curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or the student’s parents; B. mental or psychological problems of the student or the student’s family; C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or

- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the principal.

The Superintendent will notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

### **STUDENT FEES AND FINES**

Students will be provided with necessary textbooks for courses of instruction without cost.

Charges may be imposed for loss, damage, or destruction of school apparatus, equipment, musical instruments, library materials, textbooks, computers, and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

Fees may be waived in situations where there is financial hardship.

Students can avoid late fines by promptly returning borrowed materials.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

### **STUDENT FUND-RAISING**

Students participating in school-sponsored groups and activities may solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules apply to all fund-raisers:

Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.

Students may not participate in a fund-raising activity for a group in which they are not members without the approval of the students' counselor.

Students may not participate in fund-raising activities off school property without proper supervision by approved staff or other adults.

Students may not engage in house-to-house canvassing for any fundraising activity.

Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

Students may not sell any item or service in school without the prior approval of the Principal. Violation of this policy may lead to disciplinary action.

### **STUDENT VALUABLES**

Students should not bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School is not liable for any loss or damage to personal valuables.

### **SAFETY AND SECURITY**

A. All visitors must report to the office when they arrive at school.

B. All visitors may be given and required to wear a building pass while they are in the building.

C. Staff are expected to question people in the building whom they do not recognize and who are not wearing a building pass, and to question people who are "hanging around" the building after hours.

- D. Students and staff are expected to immediately report to a teacher or administrator any suspicious behavior or situation that makes them uncomfortable.
- E. As many unneeded outside doors as possible are locked during the school day.
- F. Portions of the building that will not be needed after the regular school days are closed off.

### **FIRE, TORNADO, AND SAFETY DRILLS**

The School complies with all fire safety laws and will conduct fire drills in accordance with State law. The School conducts tornado drills during the tornado season following procedures prescribed by the State. The alarm system for tornadoes consists of audible horn or PA announcement. Teachers will provide specific instructions on how to proceed in the case of fire or tornado and will oversee the safe, prompt, and orderly evacuation of the building in such cases.

Safety drills will be conducted once per school year. Teachers will provide specific instruction on the appropriate procedures to follow in situations where students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

### **EMERGENCY CLOSING AND DELAYS**

If the School must be closed or the opening delayed because of inclement weather or other conditions, the School will provide notice of such closing or delay by text or phone call to the parents.

Parents and students are responsible for knowing about emergency closings and delays.

### **VISITORS**

Visitors, particularly parents, are welcome at the School. Visitors must report to the office upon entering the School to sign in and obtain a pass. Any visitor found in the building without signing shall be reported to the Principal. If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the School in order to schedule a mutually convenient meeting time.

Students may not bring visitors to school without prior written permission from the Principal.

### **USE OF SCHOOL EQUIPMENT AND FACILITIES**

Students must receive teacher permission before using any equipment or materials in the classroom. Students must seek permission from the Principal prior to using any other school equipment or facility. Students are responsible for the proper use and protection of any equipment or facility they are permitted to use.

## **SECTION II - ACADEMICS**

### **FIELD TRIPS**

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the School's co-curricular and extra-curricular program. No minor student may participate in any school-sponsored trip without parental consent and a current emergency medical form on file in the office. Medications normally administered at school will be administered while on field trips. The Student Code of Conduct applies to all field trips.

Attendance rules apply to all field trips.

Students who violate school rules may lose the privilege to go on field trips.

### **GRADES**

Kelleys Island School has a standard grading procedure, as well as additional notations that indicate work in progress or incomplete work. Grades indicate the extent to which the student has acquired and demonstrated the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas when determining a grade and will so inform the students at the beginning of the course. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

#### **Grading Periods**

Students will receive a report card at the end of each grading period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, reasonable efforts will be made to notify the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

A student may be retained at his/her current grade level based on the following criteria:

- A. failure to demonstrate proficiency in mathematics and reading
- B. failure to achieve the instructional objectives at the current grade level that are requisite for success at the next grade level
- C. scoring at the below basic level on any State-mandated assessment test

A student will be retained if s/he is truant (absent without excuse) for more than ten percent (10%) of the required attendance days of the current school year AND has failed two (2) or more of the required curriculum subject areas in the current grade.

Even if s/he falls in the preceding category, a student may be promoted if the Principal and the teachers of the classes that the student failed agree that the student is academically prepared to be promoted.

No student will be promoted to the fourth grade if s/he attained a score in the range designated by O.R.C. 3310.0710 (A)(3) on the State mandated assessment except in accordance with the Third Grade Reading Guarantee or in accordance with State law.

No student will be promoted to the ninth grade unless s/he has completed a one-year course in American History.

A fourth, fifth, seventh, or eighth grade student will not be promoted to the next grade level if the student scored at the below basic level on any State-mandated assessment test.

## **GRADUATION REQUIREMENTS**

### **Regular Diploma**

Normally, students will complete graduation requirements in four (4) years. In order to receive a diploma and graduate, a student must fulfill the requirements of one (1) graduation pathway that has been approved by State law and this Board and must meet the school requirements for basic course-work, and earn the total number of minimum credits. For students enrolled in special education, the criteria for graduation and the extent of participation in the State-mandated assessment tests will be determined by their IEP team.

All students must receive instruction in economics and financial literacy during Grades 9 – 12. Additionally, all students must receive instruction in cardiopulmonary resuscitation and the use of an automated external defibrillator from an approved source during Grades 9-12, unless the student is exempted from such training due to disability or by written request of the parent.

Credit will be earned by:

- A. completing coursework;
- B. testing out of or demonstrating mastery of course content; or
- C. pursuing one or more educational options in accordance with the District's Credit Flexibility Program.

### **Honors Diploma**

The Kelleys Island School shall award the Diploma with Honors to any student who has:

1. successfully completed the high school curriculum (i.e., course, credit and other requirements), or completed the student's individual education program;

2. attained at least the applicable scores on the achievement tests required by the State Board of Education for graduation;

It is the student's responsibility to maintain contact with his/her Counselor to ensure that his/her graduation requirements are being met.

### **EARLY GRADUATION**

Students who wish to apply for early graduation should apply to the high school principal. Early graduation will be permitted if the student fulfills the graduation requirements and conditions for graduation. Students who choose early graduation may participate in the graduation ceremonies of their designated class.

### **COLLEGE CREDIT PLUS PROGRAM**

Any student in grades 7 through 12 may enroll in a postsecondary program provided s/he meets the requirements established by law and by the participating college or university. A student may be denied high school credit for any portions of or for the entire class if taken during a period of expulsion. Student participation requires written consent of the Superintendent and, for students under 18, written consent of the parents or attendance in counseling services offered with this educational option.

### **CAREER ADVISING PROGRAM**

Career advising is an integrated process that helps students understand how their personal interests, strengths and values might predict satisfaction and success in school and related career fields, as well as how to tie these interests and strengths to their academic and career goals. Students need to have access to comprehensive resources and support to prepare for their future success. Through relevant classroom instruction, career-related learning experiences, and a program of counseling and advising, students can discover their interests and explore academic and career pathway options.

### **RECOGNITION OF STUDENT ACHIEVEMENT**

Students who display significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include, but are not limited to, academics, athletics, performing arts, citizenship, and volunteerism. Recognition for such activities is initiated by the staff and coordinated by the Principal.

## **HOMEWORK**

Homework will be assigned. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the assessment tests and graduation.

## **COMPUTER TECHNOLOGY AND NETWORKS**

The District provides Internet services to its students. The District's Internet system has a limited educational purpose, and has not been established as a public access service or a public forum. Student use of the District's computers, network and Internet services/connection ("Network") are governed by the following principles and guidelines, and the Student Code of Conduct. Users have a limited privacy expectation in the content of their personal files and records of their online activity while on the Network.

Parents and students are advised that the Board may not be able to technologically limit access through the Board's Internet connection to only those services that have been authorized for the purpose of instruction, study and research related to the curriculum. Because it serves as a gateway to any publicly available file server in the world, the Internet opens classrooms and students to electronic information resources that have not been screened by educators for use by students of various ages. The District utilizes a Technology Protection Measure, which is a specific technology that will protect against (e.g., filter or block) access to visual displays/depictions that are obscene, pornographic, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the Technology Protection Measure may be configured to protect against access to other material considered inappropriate for students to access.

The District further utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that are not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The District supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Students are encouraged to use the "Network" for educational purposes. Use of the Network is a privilege, not a right. When using the Network, students must conduct themselves in a responsible, efficient, ethical, and legal manner. Students are responsible for good behavior on the District's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school-sponsored events. Communications on the Internet are often public in nature.

General school rules for behavior and communication apply. Unauthorized or inappropriate use of the Network, including any violation of these rules, may result in cancellation of the privilege, disciplinary action consistent with the Student Code of Conduct, and/or civil or criminal liability. Prior to accessing the Network, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Parents are encouraged to discuss their values with their children so that students can make decisions regarding their use of

the Network that is in accord with their personal and family values, in addition to the Board's standards.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security. Student Network and Internet Acceptable Use and Safety before being permitted to access the Network and/or being assigned an e-mail address.

Smooth operation of the Network relies upon users adhering to the following guidelines. The guidelines outlined below are not exhaustive but are provided so that users are aware of their general responsibilities.

- A. Students are responsible for their behavior and communication on the Network.
- B. Students may only access the Network by using their assigned Network account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their account/address/password. Students may not go beyond their authorized access.
- C. Students may not intentionally seek information on, obtain copies of, or modify files, data, or passwords belonging to other users or misrepresent other users on the Network.
- D. Students may not use the Network to engage in "hacking" or other illegal activities (e.g., software pirating; intellectual property violations; engaging in slander, libel, or harassment; threatening the life or safety of another; stalking; transmission of obscene materials or child pornography; fraud; sale of illegal substances and goods).
- E. Transmission of any material in violation of any State or Federal law or regulation or Board policy is prohibited.
- F. Any use of the Network for commercial purposes (e.g., purchasing or offering for sale personal products or services by students), advertising, or political lobbying is prohibited. This provision shall not limit the use of the Network by students for the purpose of communicating with elected representatives or expressing views on political issues.
- G. Use of the Network to engage in cyberbullying is prohibited. "Cyberbullying"

involves the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), Facebook, Instagram, TikTok, Youtube, defamatory personal Web sites or MySpace accounts, and defamatory online personal polling Web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others." For further information on cyberbullying, visit <http://www.cyberbullying.ca>

Cyberbullying includes but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a website or on a weblog;
2. sending an e-mail or instant messages that are mean or threatening or so numerous as to drive up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing photographs/recordings of students or school staff members or post these images on video sharing sites such as YouTube;
4. Post misleading or fake photographs of students or school staff members on websites.

To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct.

H. Students are expected to abide by the following generally-accepted rules of network etiquette:

1. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the Network. Do not use obscene, profane, lewd, vulgar, rude, inflammatory, sexually explicit, defamatory, threatening, abusive or disrespectful language in communications through the Network (including, but not limited to, public messages, private messages, and material posted on web pages).
2. Do not engage in personal attacks, including prejudicial or discriminatory attacks.
3. Do not harass another person. Harassment is persistently acting in a manner that distresses or annoys another person. If a student is told by a person to stop sending him/her messages, the student must stop.
4. Do not post information that, if acted upon, could cause damage or a danger of disruption.

5. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet. This prohibition includes but is not limited to disclosing personal identification information on commercial websites.
  6. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
  7. Never agree to get together with someone you "meet" online without parent approval and participation.
  8. Check e-mail frequently and diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
  9. Students should promptly disclose to their teacher or other school employee any message they receive that is inappropriate or makes them feel uncomfortable, especially any e-mail that contains pornography. Students should not delete such messages until instructed to do so by a staff member.
- I. Malicious use of the Network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the Network in such a way that would disrupt its use by others. Students must avoid intentionally wasting limited resources. Students may not bypass or attempt to bypass the District's Technology Protection Measure. Students must immediately notify the teacher, or principal if they identify a possible security problem. Students should not go looking for security problems, because this may be construed as an unlawful attempt to gain access.
- J. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions/acknowledgment of authorship must be respected. Rules against plagiarism will be enforced.
- K. Downloading of information onto the Board's hard drives is prohibited, without prior approval. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. Only public domain software may be downloaded. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.

- L. Students must secure prior approval from a teacher before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."
- M. Students may use real-time electronic communication, such as chat or instant messaging, only under the direct supervision of a teacher or in moderated environments that have been established to support educational activities and have been approved by the Board, Superintendent, or principal.
- N. Privacy in communication over the Internet and the Network is not guaranteed. In order to verify compliance with these guidelines, the Board reserves the right to monitor, review, and inspect any directories, files and/or message residing on or sent using the Network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.
- O. Use of the Internet and any information procured from the Internet is at the student's own risk. The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Network will be error-free or without defect. The Board is not responsible for any damage a user may suffer, including, but not limited to, loss of data, service interruptions, or exposure to inappropriate material or people. The Board is not responsible for the accuracy or quality of information obtained through the Internet. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials. The Board will not be responsible for financial obligations arising through the unauthorized use of the Network. Students or parents of students will indemnify and hold the Board harmless from any losses sustained as the result of misuse of the Network by the student. Use of the Network by students will be limited to those students whose parents have signed a release of claims for damages against the Board.
- P. File-sharing is strictly prohibited. Students are prohibited from downloading and/or installing file-sharing software or programs on the Network.
- Q. Students may not establish or access web-based e-mail accounts on commercial services through the Network (e.g., Gmail), Hotmail, Yahoo mail, etc.).
- R. Since there is no central authority on the Internet, each site is responsible for its own users. Complaints received from other sites regarding any of the District's users will be fully investigated and disciplinary action will be taken as appropriate.
- S. Preservation of Resources and Priorities of Use: Computer resources are

limited. Because space on disk drives and bandwidth across the lines which connect the Network (both internally and externally) are limited, neither programs nor information may be stored on the system without the permission of the Principal. Each student is permitted reasonable space to store e-mail, web, and personal files. The Board reserves the right to require the purging of files in order to regain disk space. Students who require access to the Network for class-or instruction-related activities have priority over other users. Students not using the Network for class-related activities may be "bumped" by any student requiring access for class or instruction-related purposes. The following hierarchy will prevail in governing access to the Network:

1. Class work, assigned and supervised by a staff member.
  2. Class work, specifically assigned but independently conducted.
  3. Personal correspondence (checking, composing, and sending email).
  4. Training (use of such programs as keyboarding tutors, etc.)
  5. Personal discovery ("surfing the Internet").
  6. Other uses – access to resources for "other uses" may be further limited during the school day at the discretion of the principal.
- T. Game playing is not permitted at any time.

### **STUDENT ASSESSMENT**

Unless exempted, each student must pass all portions of the State-mandated assessment test as a requirement for graduation. The test will be administered twice a year until the student passes all parts of the test. Students are only required to retake those parts of the test they have not yet passed. While the School District does schedule make-up dates for testing, students should avoid unnecessary absences.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests help the staff determine instructional needs.

Classroom tests are given to assess student progress and assign grades. These are selected or prepared by teachers to assess student achievement on specific objectives.

Career and interest surveys may be given to identify particular areas of student interests or talent. These are often given by the guidance staff.

College entrance testing information can be obtained from the Guidance Office.

### **SECTION III - STUDENT ACTIVITIES**

#### **SCHOOL-SPONSORED CLUBS AND ACTIVITIES**

Kelleys Island Local School provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be taken for credit, required for a particular course, and/or contain school subject matter.

The Board authorizes the following student groups sponsored by a staff member.

- 

Extra-curricular activities do not reflect the School curriculum but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

- ***Running Club - Jodie Smith***
- ***After School Basketball Club - Rostislav Zettler***
- ***After School Gymnastics Club - Carolyn Willinger***

All students are permitted to participate in their chosen activities as long as they meet the eligibility requirements. Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing, and/or appeal rights.

#### **NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES**

Nonschool-sponsored student groups may meet in the school building during noninstructional hours. The application for permission to use school facilities can be obtained from the Principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that nonschool persons do not play a regular role in the meeting. All school rules relating to student conduct and equal opportunity to participate apply to such activities.

Membership in any fraternity, sorority, or other secret society as prescribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No "non-district-sponsored" organization may use the name of the school or school mascot on any materials or information.

#### **ATHLETICS**

Kelleys Island School provides a variety of athletic activities in which students may participate, provided they meet eligibility requirements established by the Board and by the Ohio High School Athletic Association (OHSAA). Participation in these activities is a privilege and not a right, and students may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing, and/or appeal rights.

## **STUDENT ATTENDANCE AT SCHOOL EVENTS**

Students are encouraged to attend as many after-school events as possible without interfering with school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students to participate in the event.

It is strongly advised that students attending evening events as nonparticipants be accompanied by a parent or adult chaperone. The Board is not responsible for supervising unaccompanied students, nor will it be responsible for students who arrive without an adult chaperone.

## **SECTION IV - STUDENT CONDUCT**

### **ATTENDANCE**

#### **School Attendance Policy**

Regular attendance is a significant student responsibility at all grade levels. Many studies correlate regular attendance with success in school. Regular attendance means that the academic learning process is not interrupted, less time is spent on make-up assignments, and students benefit from participation and interaction with others in class. Many important lessons are learned through active participation in classroom and other school activities that cannot be replaced by individual study.

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused or unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee for each school building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each school day by a method designated by the Superintendent in accordance with Ohio law.

Establishing a pattern of good attendance will benefit the student in school and in the workplace. Attendance is important in the development of a high-quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a person is his/her dependability in coming to work every day on time. This is a habit the School wants to help students develop as early as possible.

#### **Truancy**

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for school work that is missed. A student will be considered habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in 1 month, or for seventy-two (72) or more hours in 1 school year.

If a student is habitually truant and the student's parent fails to cause the student's attendance, a complaint will be filed with the Judge of the Juvenile Court in compliance with State law.

#### **Excused Absences**

Students may be excused from school and will be provided an opportunity to make-up missed school work and/or tests.

#### **Notification of Absence**

If a student will be absent, the parents must notify the School at (419) 746-2730 option #1 by 9:30 AM and provide an explanation. If prior contact is not possible, the parents should provide a written excuse as soon as possible after the student's absence. When

no excuse is provided, the absence will be unexcused and the student will be identified as truant for that school day. If the offered excuse for a student's absence is questionable or if the number of student absences is excessive, the school staff will notify the parents of the need for improvement in the student's attendance.

A skipped class or part of the school day will be identified as an unexcused absence and students will not be permitted to make-up missed class work. The student will also be subject to disciplinary action.

Students with a health condition that causes repeated absences must provide the administration with an explanation of the condition from a registered physician.

### **Homebound Instruction**

The School may arrange for individual instruction at home for students who are unable to attend school because of an accident, illness, or disability. Such instruction may be arranged upon receipt of documentation of the student's condition from a physician.

### **Make-up of Tests and Other School Work**

Students who are absent from school with an excuse shall be given the opportunity to make up missed work. The student should contact their teacher as soon as possible to obtain assignments.

The number of days for completion of make-up work will be equivalent to the number of excused days of absence.

If a student misses a teacher's test due to an excused absence, s/he should make arrangements with the teacher to take the test at another time. If s/he misses a State-mandated assessment test or other standardized test, the student should consult with the test coordinator to arrange for administration of the test at another time.

### **Suspension from School**

Absence from school due to suspension shall be considered an authorized absence.

A suspended student will be responsible for making up school work missed due to suspension. Assignments may be obtained from the student's teacher beginning with the first day of suspension. Make up of missed tests may be scheduled when the student returns from school.

The student must complete missed assignments during the suspension and turn them in to the teacher by the time the student returns to school.

The student will be given at least partial credit for properly-completed assignments and will receive a grade for any made-up tests

### **Unexcused Absences**

Any student who is absent from school for all or any part of the day without a legitimate

excuse shall be considered truant, and the student and his/her parents shall be subject to the truancy laws of the State.

### High School

If a student under the age of 18, has 10 or more consecutive or 15 total days of unexcused absence during a semester, s/he will be considered habitually absent and will be reported to the Judge of the Juvenile Court and to the Bureau of Motor Vehicles for suspension of his/her driver's license, if appropriate, as a result of this excessive absence.

### **Tardiness**

#### Elementary Level

A student who is not in his/her assigned location by the start of school shall be considered tardy. Any student arriving late to school is to report to the School office before going to class.

#### Secondary Level

Each student is expected to be in his/her assigned location throughout the school day. If a student is late arriving at school, s/he must report to the School office before going to his/her first assigned location. Any student who is late to class up to 10 minutes shall be disciplined by the teacher. Students who are more than 10 minutes late will be considered absent for that instructional period.

Students who are tardy to school more than 3 times during a semester shall be disciplined according to the Student Code of Conduct.

### **Vacations During the School Year**

It is recommended that parents not take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the Principal to make necessary arrangements. It may be possible for the student to receive certain assignments that may be completed during the trip.

## **CODE OF CONDUCT**

A major component of the educational program (at the school) is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules and Board policies and Administrative Guidelines, and in a way that respects the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when a student's behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement

functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

### **Expected Behaviors**

Students are expected to:

- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family, and in the School.

### **Classroom Environment**

It is the responsibility of students, teachers, and administrators to maintain a classroom environment that allows:

- A. a teacher to communicate effectively with all student in the class; and
- B. all students in the class the opportunity to learn.

### **Dress and Grooming**

Students are expected to dress appropriately at all times. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted.

Students should consider the following questions when dressing for school:

- Does my clothing expose too much? (No)
- Does my clothing advertise something that is prohibited to minors? (No) Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (No)
- Am I dressed appropriately for the weather? (Yes)
- Do I feel comfortable with my appearance? (Yes)

Students who are representing Kelleys Island Local School at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

## **Gangs**

Gangs that initiate, advocate or promote activities that threaten the safety or well being of persons or that are disruptive to the school environment will not be tolerated. Incidents involving initiations, hazing, intimidations or related activities that are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures that symbolize gang membership or causing and/or participating in activities that are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the principal.

## **Care of Property**

Students are responsible for the care of their own personal property. The School is not responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student and/or his/her parents will be required to pay for the replacement or repair. If the damage or loss was intentional, the student will be subject to discipline according to the Student Discipline Code.

## **BULLYING, HARASSMENT, AND INTIMIDATION**

### **ZERO TOLERANCE**

No form of violent, disruptive, or inappropriate behavior, including excessive truancy, will be tolerated.

### **STUDENT DISCIPLINE CODE**

Each of the behaviors and/or types of misconduct described below are prohibited and may subject the student to disciplinary action including, but not limited to, student conference, parent/guardian notification, parent/guardian conference, detention, in-school discipline, suspension and/or expulsion from school. Furthermore, any criminal acts committed at or related to the School will be reported to law enforcement officials as well as disciplined at school. Certain criminal acts may result in permanent exclusion from school.

#### **1. Possession/use of drugs and/or alcohol**

Possessing, using, transmitting or concealing, or being under the influence of any alcoholic beverage, controlled substance including, but not limited to, narcotics, mood altering drugs, counterfeit controlled substances, lookalikes, over the counter stimulants or depressants, anabolic steroids, or drug-related paraphernalia.

If a building principal has a reasonable individualized suspicion of drug or alcohol use,

s/he may request the student in question to submit to any appropriate testing, including but not limited to, a breathalyzer test or urinalysis. In such circumstances, the student will be taken to a private administrative or instructional area on school property for such testing with at least one other member of the teaching or administrative staff present as a witness to the test. If a student refuses to take the test, s/he will be advised that such denial leaves the observed evidence of alcohol or drug use unrefuted thus leading to possible disciplinary action. The student will then be given a second opportunity to take the test.

## **2. Possession/use of tobacco**

Possession, consumption, distribution, purchase or attempt to purchase, and/or use of tobacco products or electronic cigarettes or similar devices in school, on school grounds, on school buses, in Board-owned vehicles, within any indoor facility owned or leased or contracted for by the Board, and at any interscholastic competition, extra-curricular event, or other school-sponsored event. Tobacco products include, but are not limited to cigarettes, cigars, pipe tobacco, chewing tobacco, snuff or any other matter or substance that contains tobacco. The term "tobacco" includes any product that contains tobacco, is derived from tobacco, contains nicotine, or e-cigarettes and other electronic smoking devices (including but not limited to "JUULs"), but does not include any cessation product approved by the United States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence. Smoking of electronic, "vapor", other substitute forms of cigarettes, or clove cigarettes is also prohibited.

## **3. Use and/or possession of a firearm**

Bringing a firearm (as defined in the Federal Gun-Free Schools Act of 1994) onto school property or to any school-sponsored activity, competition, program, or event, regardless of where it occurs, will result in a mandatory one (1) year expulsion under Ohio law. This expulsion may be reduced on a case-by-case basis by the Superintendent using the guideline(s) set forth in Board Policy.

Firearm is defined as any weapon (including a starter gun) that will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in the Federal Gun-Free Schools Act of 1994). Firearms include any unloaded firearm and any firearm that is inoperable but that can be readily operated.

Students are prohibited from knowingly possessing an object on school premises, in a school or a school building, at a school activity or on a school bus that is indistinguishable from a firearm, whether or not the object is capable of being fired, and indicating they are in possession of such an object and that it is a firearm or knowingly displaying or brandishing the object and indicating it is a firearm.

## **4. Use and/or possession of a weapon**

A weapon is any device that may be used for offensive or defensive purpose, including

but not limited to conventional objects such as guns, pellet guns, knives, or club type implements. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Possession and/or use of a weapon may subject a student to expulsion and possible permanent exclusion.

A knife is defined as any cutting instrument consisting of a sharp blade fastened to a handle, a razor blade or any similar device that is used for, or is readily capable of causing death or serious bodily injury.

Pocket knives with a blade of less than two and one-half (2 1/2) inches are acceptable ONLY with the prior approval of the student's parents and teachers.

#### **5. Use of an object as a weapon**

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, and jewelry.

#### **6. Knowledge of dangerous weapons or threats of violence**

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the Principal. Failure to report such knowledge may subject the student to discipline.

#### **7. Arson**

Intentional or purposeful destruction or damage to school or district buildings or property by means of fire. Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony.

#### **8. Physically assaulting a staff member/student/person associated with the District.**

Acting with intent to cause fear in another person of immediate bodily harm or death, or intentionally bullying, inflicting or attempting to inflict bodily harm upon another person. Physical assault of a staff member, student, or other person associated with the District, regardless of whether it causes injury, will not be tolerated. Any intentional, harmful or potentially harmful physical contact or bullying initiated by a student against a staff member will be considered to be assault. Assault may result in criminal charges and may subject the student to expulsion.

#### **9. Verbally threatening (either orally, in writing or otherwise expressed) a staff member/student/person associated with the District.**

Any oral or written statement or otherwise expressed action that a staff member, student, or other person associated with the District reasonably feels to be a threat will be considered a verbal assault. Profanity directed toward a staff member in a threatening tone may also be considered a verbal assault. Confrontation with a student or staff member that bullies, intimidates, or causes fear of bodily harm or death is also prohibited.

**10. Misconduct against a school official or employee, or the property of such a person, regardless of where it occurs.**

The Board prohibits misconduct committed by a student against a school official or employee, including, but not limited to, harassment (of any type), vandalism, assault (verbal and/or physical), and destruction of property.

**11. Misconduct off school grounds**

Students may be subject to discipline for their misconduct even when it occurs off school property when the misconduct is connected to activities or incidents that occurred on property owned or controlled by the District.

Misconduct is defined as any violation of the Student Discipline Code.

**12. Extortion**

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law.

**13. Gambling**

Gambling (i.e., playing a game of chance for stakes) includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on any school activity in which they are involved may also be banned from that school activity.

**14. Falsification of school work, identification, forgery**

Falsifying signatures or data, or refusing to give proper identification or giving false information to a staff member. This prohibition includes, but is not limited to, forgery of hall/bus passes and excuses, as well as use of false I.D.'s.

Plagiarism and cheating are also forms of falsification and will subject the student to academic penalties as well as disciplinary action.

**15. Bomb Threats, and other false alarms and reports**

Making a bomb threat (i.e., intentionally giving a false alarm of a bomb) against a school building or any premises at which a school activity is being held at the time the threat is made may result in expulsion for a period of up to one (1) school year. Additionally, intentionally giving a false alarm of a fire, or tampering or interfering with any fire alarm is prohibited. It should be remembered that false emergency alarms or reports endanger the safety forces that are responding to the alarm/report, the citizens of the community, and the persons in the building. What may seem like a prank, is a dangerous stunt that is against the law and will subject the student to disciplinary action.

## **16. Terroristic Threat**

Threatening, directly or indirectly, to commit a crime of violence with the purpose to terrorize another or with reckless disregard of the risk of causing terror in another.

## **17. Possession and/or use of explosives and/or fireworks**

Possessing or using any compound or mixture, the primary or common purpose of which is to function by explosion, with substantially instantaneous release of gas and heat (including, but not limited to explosives and chemical-reaction objects such as smoke bombs and poppers). Additionally, possessing or offering for sale any substance, combination of substances or article prepared to produce a visible and/or audible effect by combustion, explosion, deflagration or detonation.

## **18. Trespassing**

Although schools are public facilities, the law allows the Board to restrict access to school property. Being present in any Board-owned facility or portion of a Board-owned facility when it is closed to the public or when the student does not have the authorization to be there, or unauthorized presence in a Board owned vehicle; or unauthorized access or activity in a Board-owned computer, into district, school or staff computer files, into a school or district file server, or into the Network. When a student has been removed, suspended, expelled, or permanently excluded from school, the student is prohibited from being present on school property without authorization of the principal.

## **19. Theft, or knowingly receiving or possessing stolen property**

Unauthorized taking of property of another person or receiving or possessing such property. Students caught stealing will be disciplined and may be reported to law enforcement officials. The School is not responsible for personal property.

## **20. Insubordination**

Students are expected to comply with the reasonable directions of staff. Willful refusal or failure to follow or comply with an appropriate direction given by a staff member, or acting in defiance of staff members.

## **21. Damaging property (Vandalism)**

Defacing, cutting, or otherwise damaging property that belongs to the school, district, other students, employees or others and disregard for school property.

## **22. Persistent absence or tardiness**

Attendance laws require students to be in school all day or to have a legitimate excuse for their absence. Penalties for unexcused absences can range from detention to a referral to court and/or revocation of the student's driver's license.

### **23. Unauthorized use of school or private property**

Students must obtain permission to use any school property or any private property located on school premises. Any unauthorized use of school property, or private property located on school premises, shall be subject to disciplinary action.

### **24. Refusing to accept discipline**

Students failing to comply with disciplinary penalties may face enhanced penalties for such action.

### **25. Aiding or abetting the violation of school rules**

Assisting other students in the violation of any school rule. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

### **26. Displays of affection/sexual activities**

Affection between students is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Sexual activity of any nature is prohibited and will result in disciplinary action.

### **27. Possession of electronic equipment**

The School will supply any electronic equipment or devices necessary for participation in the educational program. Students shall not use or possess any electronic equipment on school property or at any school-sponsored activity without the permission of the Principal. Examples of prohibited devices include but are not limited to radios, “boom-boxes”, headphones, CD/MP3 players, portable TV’s, electronic games/toys, pagers, cellular telephones, beepers, other paging devices and other electronic communication devices, and the like. Unauthorized electronic equipment will be confiscated from the student by school personnel and disciplinary action will be taken.

### **28. Violation of individual school/classroom rules**

Each learning environment has different rules for students. These rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules within each learning environment, all of which will be consistent with this Code.

### **29. Violation of transportation rules (see Section V – Transportation) 30.**

### **Interference, disruption or obstruction of the educational process**

Any actions or manner of dress that materially and substantially disrupts or interferes with school activities or the educational process, or which threaten to do so are unacceptable. Such disruptions include, but are not limited to, delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

### **31. Harassment and/or Aggressive Behavior (including Bullying/Cyberbullying)**

The Board encourages the promotion of positive interpersonal relations between members of the school community. Harassment and/or aggressive behavior (including bullying/cyberbullying) toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse, and any speech or action that creates a hostile, intimidating, or offensive learning environment. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. Individuals engaging in such conduct will be subject to disciplinary action.

Conduct constituting sexual harassment may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

Note: An inappropriate boundary invasion by a District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment. Further, any administrator, teacher, coach, other school authority who engages in sexual or other inappropriate physical contact with a student may be guilty of criminal "child abuse" as defined in State law.

Conduct constituting harassment on the basis of race, color, national origin, religion, or disability may take different forms, including, but not limited to, the following:

#### **A. Verbal:**

The making of offensive written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's race, color, national origin, religious beliefs, or disability.

**B. Nonverbal:**

Placing offensive objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures based upon a person's race, color, national origin, religious beliefs, or disability.

**C. Physical:**

Any intimidating or disparaging action such as hitting, pushing, shoving, hissing, or spitting, on or by a fellow staff member, students, or other person associated with the District, or third parties, based upon the person's race, color, national origin, religious beliefs, or disability.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, marital status, or disability. It would include, but not be limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes that s/he is the victim of any of the above actions or has observed such actions by another student, staff member, or other person associated with the District, or by third parties should contact their teacher.

The teacher is available during regular school hours to discuss a student's concerns related to harassment and/or bullying/cyberbullying, to assist a student who seeks support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

The student may report his/her concerns to the teacher either by a written report, telephone, or personal visit. In reporting his/her concerns, the student should provide the name of the person(s) whom s/he believes to be responsible for the harassment and or bullying/cyberbullying and the nature of the harassing and/or bullying/cyberbullying incident(s). The complaint coordinators will promptly compile a written summary of each such report that will be forwarded to the Principal/Superintendent.

Each report will be investigated in a timely manner and as confidentially as possible. The District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. While a charge is under investigation, no information will be released to anyone who is not involved with the investigation, except as may be required by law or in the context of a legal or administrative proceeding. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law. All individuals involved in an investigation as either a witness, victim or alleged harasser and/or bully/cyberbully will be instructed not to discuss the subject outside of the

investigation.

If an investigation reveals that a harassment and/or bullying/cyberbullying complaint is valid, appropriate remedial and or disciplinary action will be taken promptly to prevent the continuance of the harassment and/or bullying/cyberbullying or its recurrence.

Given the nature of harassing and/or bullying/cyberbullying behavior, the School recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment and/or bullying/cyberbullying allegations or charges.

Some forms of sexual harassment of a student may reasonably be considered child abuse that must be reported to the proper authorities.

These guidelines shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of harassment and/or aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as harassment and aggressive behavior. Making intentionally false reports about harassment or aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Any one having further questions concerning prohibited behaviors and/or the complaint process should request a copy of Board policies.

### **32. Hazing**

Performing any act, or coercing another, including the victim, to perform any act of initiation into any class, team, or organization, that causes or creates a substantial risk of causing mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this rule.

Hazing by any individual, school group, club, or team is not permitted. This includes any form of initiation that causes or creates a risk of causing mental or physical harm, no matter how willing the participant may be. Hazing activities are prohibited at any time in school facilities, on school property, and/or off school property but connected to activities or incidents that have occurred on school property.

All incidents of hazing must be reported immediately to any of the following individuals: the building principal or other administrator; teacher; coach; student club

advisor/supervisor, and/or Superintendent. Students who engage in hazing may also be liable for civil and criminal penalties.

### **33. Violent Conduct**

Students may be expelled for up to one school year for committing an act at school, on other school property, at an interscholastic competition, extracurricular event, or any other school program, or directing an act at a Board official or employee, regardless of where or when that act may occur, or their property that would be a criminal offense if committed by an adult and results in serious physical harm to person(s) or property.

### **34. Improper Dress**

Clothing may not include words or visuals that are lewd, obscene, disruptive, abusive, or discriminatory, or that advertise drugs, alcohol or tobacco. Dress or grooming that is disruptive of the classroom or school atmosphere is not allowed. Shoes must be worn at all times for health and safety reasons.

### **35. Careless or Reckless Driving**

Driving on school property in such a manner as to endanger persons or property.

### **36. Burglary**

Entering a building or a specific area of a building without consent and with intent to commit a crime, or entering a building without consent and committing a crime.

### **37. Fighting**

Engaging in adversarial physical contact (differentiated from poking, pushing, shoving or scuffling) in which one or the other party(ies) or both contributed to the situation by verbally instigating a fight and/or physical action. Promoting or instigating a fight (i.e., contributing to a fight verbally or through behavior).

### **38. Lighting Incendiary Devices**

Unauthorized igniting of matches, lighters and other devices that produce flames.

### **39. Possession of Pornography**

Possessing sexually explicit material.

### **40. Unauthorized use of vehicles**

Occupying or using vehicles during school hours without parental permission and/or school authorization.

## **DISCIPLINE**

It is important to remember that the School's rules apply going to and from school, at school, on school property, at school-sponsored events, on school transportation, and on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board. Furthermore, students may be disciplined for conduct that, regardless of where or when it occurs, is directed at a Board official or employee, or the property of such official or employee.

The School is committed to providing prompt, reasonable discipline consistent with the severity of the incident. The consequences for misbehavior are designed to be fair, firm and consistent for all students in the School.

Because it is not possible to list every misbehavior that occurs, misbehaviors not listed above will be responded to as necessary by staff.

Two (2) types of discipline are possible, informal and formal.

### **Informal Discipline**

Informal discipline takes place within the School. It includes:

- writing assignments;
- change of seating or location;
- pre-school, lunch-time, after-school detention;
- in-school discipline;
- Saturday school.

### **Detentions**

A student may be detained after school or asked to come to school early by a teacher after giving the student and his/her parents one day's notice. The student or his/her parents are responsible for transportation.

### **Formal Discipline**

Formal discipline involves the removal of the student from school. It includes emergency removal for up to three (3) school days, suspension for up to ten (10) school days, expulsion for up to eighty (80) school days or the number of days remaining in a semester, whichever is greater, and permanent exclusion. Expulsions may carry over into the next school year. Any student who is expelled from school for more than twenty (20) days or for any period of time if the expulsion will extend into the following semester or school year will be provided with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitude and behavior that contributed to the incident that gave rise to the student's expulsion. The Superintendent, at his/her discretion, may require/allow a student to

perform community service in conjunction with or in place of an expulsion. The Superintendent may impose a community service requirement beyond the end of the school year in lieu of applying the expulsion to the following school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension, expulsion, and permanent exclusion may be appealed.

Students being considered for suspension are entitled to an informal meeting with the building administrator prior to removal. Also, students being considered for expulsion are entitled to an informal meeting with the Superintendent or designee prior to removal. During the informal meeting, the student will be notified of the charges and given the opportunity to respond.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while under the School's jurisdiction, s/he may be subject to school disciplinary action as well as action through local law enforcement.

### **DUE PROCESS RIGHTS**

Before a student is suspended, expelled, or permanently excluded from school, there are specific procedures that must be followed.

As long as the in-school discipline is served entirely in the school setting, it will not require any notice or meeting, or be subject to appeal.

### **Suspension from School**

When a student is being considered for a suspension, the administrator in charge will notify the student of the basis for the proposed suspension. The student will be given an opportunity to explain his/her view of the underlying facts. After that informal hearing, the Principal [or assistant principal or other administrator] will determine whether or not to suspend the student. If the decision is made to suspend the student, s/he and his/her parents will be given written notification of the suspension within one (1) day setting forth the reason for the suspension, the length of the suspension, and the process for appeal. The suspension may be appealed, within 3 days after receipt of the suspension notice, to the Superintendent. The request for an appeal must be in writing.

During the appeal process, the student shall not be allowed to remain in school.

If the appeal is heard by the Board's designee, the appeal shall be conducted in a private hearing. If the appeal is heard by the Board of Education, the appeal shall be conducted in executive session unless the student or his/her representative requests otherwise. A verbatim transcript will be made and witnesses will be sworn in prior to giving testimony. If the appeal decision is to uphold the suspension, the next step in the appeal process is to the Court of Common Pleas.

### **Emergency Removal**

If a student's presence poses a continuing danger to persons or property, or an ongoing

threat of disrupting the academic process taking place either in a classroom or elsewhere on the school premises, the Superintendent, principal or assistant principal may remove the student from any curricular or extracurricular activity or from the school premises. A teacher may remove the student from any curricular or extracurricular activity under the teacher's supervision, but not from the premises.

If a teacher makes an emergency removal, the teacher will notify a building administrator of the circumstances surrounding the removal in writing within one (1) school day. No prior notice or hearing is required for any removal under this procedure. In all cases of normal disciplinary procedures where a student is removed from curricular or extracurricular activity for less than one school day, and is not subject to further suspension for expulsion, the following due process requirements do not apply.

If the emergency removal exceeds one (1) school day, then a hearing will be held on the next school day after the removal is ordered. Written notice of the hearing and the reasons for removal and any intended disciplinary action will be provided to the student, as soon as practical prior to the hearing. If the student is subject to an out of

school suspension, the student will have the opportunity to appear at an informal hearing before the principal, assistant principal, Superintendent or a designee, and may challenge the reasons for the removal or otherwise explain his/her actions.

Students in Grades Pre-K through 3

A student in any of grades pre-kindergarten through 3 may be removed only for the remainder of the school day, and shall be permitted to return to any curricular and extra-curricular activities on the next school day (following the day in which the student was removed or excluded). When a student in any of grades pre-kindergarten through 3 is removed and returned to his/her curricular and extra-curricular activities the next school day, the Principal is not required to hold a hearing (or provide written notice of same).

Within one (1) school day of the decision to suspend, written notification will be given to the parent(s)/guardian(s) or custodian(s) of the student. This notice will include the reasons for the suspension, the right of the student or his/her parent(s)/guardian(s) or custodian(s) to appeal to the Board or its designee, and the student's right to be represented in all appeal proceedings. If it is likely that the student may be subject to expulsion, the hearing will take place within three (3) school days and will be held in accordance with the procedures outlined in the Student Expulsion Policy. The person who ordered or requested the removal will be present at the hearing. In an emergency removal, a student may be kept from class until the matter of the alleged misconduct is resolved either by reinstatement, suspension or expulsion.

### **Expulsion from School**

When a student is being considered for expulsion, the student and parent will be provided with a formal notice of the proposed expulsion. This written notice will include the reasons for the intended expulsion, notification of the opportunity to appear in person before the Superintendent or the Superintendent's designee to challenge the reasons for the expulsion and/or explain the student's action, and notification of the

time and place to appear. Students being considered for expulsion may be removed immediately. A hearing will be scheduled no earlier than three (3), nor no later than five (5) school days after the notice is given. Parents may request an extension of time for the hearing. The student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice at the hearing.

In accordance with Board Policy, the Superintendent shall initiate expulsion proceedings against a student who has committed an act that warrants expulsion under Board policy even if the student withdraws from school prior to the hearing or decision to impose the expulsion. The expulsion will be imposed for the same duration that it would have been had the student remained enrolled.

If a student is expelled, the student and the student's parents will be provided with written notice within one (1) school day of the imposed expulsion. The notice will include the reasons for the expulsion, the right of the student, or the student's parent(s)/guardian(s) or custodian(s) to appeal the expulsion to the Board or its designee, the right to be represented in all appeal proceedings, the right to be granted a hearing before the Board or its designee, and the right to request that the hearing be held in executive session.

Within 3 days after the Superintendent notifies the parents of the expulsion, the expulsion may be appealed, in writing, to the Board of Education or its designee. A hearing on the requested appeal will be formal with an opportunity for sworn testimony. If the expulsion is upheld on appeal, a student's parents may pursue further appeal to the Court of Common Pleas.

Students serving expulsions will not be awarded grades or credit during the period of expulsion. Expulsion for certain violations including use or possession of alcohol or drugs, may result in revocation of student's driver's license. When a student is expelled, the Superintendent will notify any college in which the expelled student is enrolled under the Postsecondary Enrollment Option at the time the expulsion is imposed.

### **Permanent Exclusion**

State law provides for the permanent exclusion of a student, 16 years of age or older who engages in certain criminal activity. Permanently excluded students may never be permitted to return to school anywhere in the State of Ohio. A permanent exclusion may be considered if the student is convicted or adjudicated delinquent for committing one or more of the following crimes while on the property of any Ohio school:

- A. conveying deadly weapons onto school property or to a school function; B. possessing deadly weapons onto school property or at a school function; C. carrying a concealed weapon onto school property or at a school function; D. trafficking in drugs onto school property or at a school function; E. murder, aggravated murder on school property or at a school function;
- F. voluntary or involuntary manslaughter on school grounds or at a school function;

- G. assault or aggravated assault on school property or at a school function;
- H. rape, gross sexual imposition or felonious sexual penetration on school grounds, or at a school function, when the victim is a school employee;
- I. complicity in any of the above offenses, regardless of the location.

This process is formal and may follow an expulsion with the proper notification to the parents.

### **Discipline of Students with Disabilities**

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (I.D.E.A.), and, where applicable, the Americans with Disabilities Act (A.D.A.), and/or Section 504 of the Rehabilitation Act of 1973.

### **SEARCH AND SEIZURE**

Administrators may search a student or his/her property (including vehicles, purses, knapsacks, gym bags, etc.) with or without the student's consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. General housekeeping inspection of school property may be conducted with reasonable notice. Student lockers are the property of the District and students have no reasonable expectation of privacy in their contents or in the contents of any other District property including desks or other containers. School authorities may conduct random searches of the lockers and their contents at any time without announcement. Unannounced and random canine searches may also be conducted.

Additionally, students have NO reasonable expectation of privacy in their actions in public areas, including but not limited to, common areas, hallways, cafeterias, classrooms and gymnasiums. The District may use video cameras in such areas and on all school vehicles transporting students to and from regular and extracurricular activities.

Anything that is found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held or turned over to the police. The School reserves the right not to return items that have been confiscated.

### **INTERROGATION OF STUDENTS**

The School is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the School believes these agencies should conduct their investigations off school property if possible, investigations can

take place at school in emergency situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will attempt to contact a parent prior to questioning, and s/he (or a designated guidance counselor) will remain in the room during questioning. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or a designated guidance counselor) will remain in the room during questioning.

If law enforcement or children's services agency removes a student from school, the building administrator will notify a parent.

### **STUDENT RIGHTS OF EXPRESSION**

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do so appropriately. Students may distribute or display, at appropriate times, nonsponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

#### A. Material cannot be displayed if it:

1. is obscene to minors, libelous, or pervasively indecent or vulgar;
2. advertises any product or service not permitted to minors by law;
3. intends to be insulting or harassing;
4. intends to incite fighting; or
5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it will cause or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

B. Material may not be displayed or distributed during class periods, or between classes. Permission may be granted for display or distribution during lunch periods, and/or before or after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether materials they wish to display meet school guidelines may present them to the Principal twenty-four (24) hours prior to display.

## **SECTION V - TRANSPORTATION**

### **Transportation of Students By Private Vehicle**

When transportation by District vehicle is either not available or feasible, there may be a need to provide transportation to students by private vehicle. However, no students will be permitted to ride in a private vehicle unless written consent is provided by each student's parent. Upon request, parents of participating students will be given the name of the driver, the owner of the vehicle, and the description of the vehicle.

### **Self-Transportation to School**

Driving to school is a privilege that can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility and liability for any transportation to and from school not officially provided by the School.
